Mr. Cory will start for the Old Country about the latter end of January, and will remain until midsummer. His field of operations will be in the vicinity of Hartlepool, Durham, near the borders of Yorkshire, where he formerly resided. The appointment of a person from this district to work up immigration from England is a recognition by the government of the importance of the district as a field for immigration and also of the desirability of promoting immigration from the country which above all others has shown itself to be the colonizer of the world.

Dr. and Mrs. Brett and Dr. and Mrs. McKid of Calgary have gone to Europe for the winter.
J. R. FULTON, late of Toronto, arrived last week to be ledger keeper in the Imperial bank at Edmonton.

McLean Howard of this city and formerly of the Royal Grenadiers, returned to the city to-day after an absence of four years. He is stationed at Regina at present. "Every thing is looking well in the Northwest," he said this morning. "The Edmonton district is stilling up well, and next season should be a particularly good one."

At a meeting of the public school board held on Tuesday night, a telegram from Miss Luton cancelling her engagement as teacher, was read and it was decided to secure another teacher. By-law No. 7 to borrow \$1,500 for the current year was carried. Accounts were passed: John Grave, barrel and water \$4.00; A. M. Campbell, chalk 80c; pay sheet for December \$332.10 including rent for school \$30.00. R. Wylie was engaged as caretaker until the end of the year, Feb. 15th, at \$22.16 per month.

THE pulpit, and pews and chairs for the Baptist church, have arrived at last, after having been over four weeks on the way, having been shipped at Waterloo, December 4th. They are being placed in position and the house being prepared for the opening services, which are appointed for January 28th should no unforeseen hindrance prevent. Rev. H. G. Mellick, the superintendent of missions for Manitoba and the Northwest, and others from a distance, are expected to assist the pastor on the occasion. Of the dedicatory or opening services, more minute notice will be given later on.

A Montreal despatch to the Winnipeg Tribune says: "Coin H. Campbell, the defeated candidate of Winnipeg, is here on business. Speaking on the trade question, he said nothing but a liberal measure of tariff reform would suit Manitoba and the Northwest, and if the government did not grant this it would be routed. Campbell returns to Winnipeg by way of Ottawa, where he will apply for a charter for the conservative newspaper to be started in Winnipeg to be conducted by Luxton." Mr. Luxton writes to the Tribune denying the statement that his paper will be conservative.

THE Kinkella, Man., patrons of industry recently resolute on the absorbing question of railway rates. The following is a paragraph from their resolution: "We understand that Mr. Foster told one of the deputations that waited on him that the government could not control railway rates. If that is the case we want a government that can control them; and we mean to use our influence to obtain it. We hold that it is simply outrageous that the settler on the prairie, whose lot, under the most favorable circumstances, is hard enough, should be charged double rates in order that the C. P. R. which was built by the people's money, should be enabled to carry American traffic at half price." The Kinkella patrons see matters in much the same light as the BELLETTINS.

THE marriage of D. W. Macdonald, drug-gist, Edmonton, to Miss Lucy Duimage, late teacher in the Edmonton public school, took place on New Year's evening at eight o'clock in the Methodist church. The building was crowded by friends and well wishers of the bride and groom. The ceremony was performed by Rev. Geo. Hanna, pastor of the church, the bride being given away by Mr. James McDonald. The bridesmaids were Miss Annie Robertson and Miss Edith Young, and the groomsmen Dr. J. D. Harrison and Kenneth Macdonald, brother of the groom. At the conclusion of the ceremony the newly married couple received the congratulations of their friends, the wedding march was played by Miss Phillips, organ, and Mr. May, cornet, and the church bell rang as the bridal party left the church. They then drove to the residence of Mr. Jas. Ross, where a pleasant evening was spent. The bride received many valuable and useful presents in token of the good will which she has inspired during her residence here. Mr. and Mrs. Macdonald have the best wishes of everyone in Edmonton in commencing their married life. May it be long and prosperous.

We want men and means to utilize and develop these

LAVISH GIFTS OF NATURE.

To tickle from the Laughing Land bountiful crops of 40 bushels of wheat, 50 bushels of barley, 100 bushels of oats and 400 bushels of potatoes per acre; to rock from the cradle in the deep Saskatchewan Valley \$5.00 a day in Golden Grains.

To develop and distribute over the great Northwest our immense sources of heat and light—"Coal and Petroleum," to share in the wealth to be derived from Forests, Fisheries and Furs, and to draw from our climate the blessings of health and happiness. All doubts as to the location of the future Emporium and Trade Centre are removed. The establishment of Government offices the new Post Office and Civic Buildings along with \$100,000 worth of new buildings in course of erection in early spring, and the assurance of the almost immediate construction of a bridge over the Saskatchewan River to connect the Railway Station with the town of Edmonton, quashes the last hope of would-be rival towns.

The above prospectus is now in the hands of P. Heimnick & Co., Real Estate and Financial Agents, Edmonton, Alberta, who will be pleased to receive applications from all parties desirous of taking advantage of this splendid opportunity of investing in Hudson's Bay Company lands as well as 50,000 acres of improved and unimproved farming lands surrounding the town of Edmonton on the best terms ever offered to intending purchasers.

TOWN COUNCIL.

The town election on Tuesday was conducted very quietly there being no very energetic canvassing or rustling of voters done. The ballot is a great preventive of excitement and trouble on election day. The trouble does not occur until the count is finished and then it is over in a second. A. G. Randall was returning officer and J. R. Michael poll clerk. The total number of ballots cast was 175, of which two were rejected as spoiled. The ballots cast represented a very large proportion of the resident vote, the total number of voters being about 240. The following is the result:

C. F. Strang,	106
J. A. McDougall,	102
Jas. Ross,	101
J. H. Picard,	100
C. W. Sutter,	96
C. Gallagher,	81
Jas. Goodridge,	78
Geo. P. Sanderson,	70
M. McLeod,	46

The first six form the new council. Messrs. Strang, McDougall and Gallagher were the members of the former council elected, and Messrs. Sanderson and Goodridge members of the former council defeated. Mr. McLeod's defeat is to be regretted because he would have represented the manufacturing interest, which now has no representative and which is only next in importance to the commercial interest. There seems to be an impression that the west end of town has rather the best of it in the new council, but as a matter of fact the members are in the centre rather than either in the west or east, and therefore hold the general interest in an even balance.

The following notes of the business and public careers of the several members of the council may be of interest:

M. McCauley, mayor of Edmonton, was born near Owen Sound, Ontario, and remained on his father's farm there until he came to Manitoba in 1872. There he engaged in teaming and started the first hack in Winnipeg. He came to Edmonton in the fall of 1879, and the next spring removed to Fort Saskatchewan where he started farming. In 1881 he sold out at Fort Saskatchewan and settled in Edmonton, where he started the first livery stable. In 1883 he started the first butcher shop which he ran in addition to the livery business, for a number of years. During that time he filled the mounted police contract for six years and the Indian department contract for two years. At the present time he is engaged in the livery and agricultural implement business. In 1881 Mr. McCauley was instrumental in starting the first public school in Edmonton by private subscription. When the school district was organized under the Northwest ordinance in 1886 he became a trustee and has so remained until the present time, having been re-elected on every occasion, and now holds the position of chairman of the board. In 1882 he assisted in forming the Edmonton agricultural society, of which he became a director, and of which he has been president or vice president ever since, holding the position of president at the present time. In 1882 Mr. McCauley was president of the protective association formed to prevent claim jumping, and has such was fined heavily for the course which he took, but he had the satisfaction of knowing that the evil was stopped. He was elected first mayor of Edmonton by acclamation in February, 1891, again by acclamation in December of 1892 and again by acclamation on the 26th of December last.

C. F. Strang, was born in Toronto, Ontario, and was educated at the grammar school of Hamilton. He then entered the offices of the Great Western railway in Hamilton, where he remained three years, leaving the railway in 1867 to enter the employ of W. Mc-

Govern & Co., hardware dealers. In 1869 he became traveller for the firm and was the first hardware traveller to visit Manitoba, which he did in 1871, making two trips in that year. On the last trip he remained to enter the employ of Jas. H. Ashdown, with whom he remained three years and a half. He then entered the employ of Higgins & Young, the largest dry goods and grocery house then in Manitoba, as book keeper. After leaving Higgins & Young he opened an accountant's office in Winnipeg and in 1883 came to Edmonton where he was soon recognized as the leading accountant of the place. In 1890 he became manager of Lafferty & Moore's private bank which position he held until last spring, and also became business manager for Moore & Macdowall, lumbermen and saw mill owners, which position he still holds. In March of 1893 he secured an interest in the firm of Ross Bros. hardware merchants, the leading hardware house north of Calgary. Mr. Strang was elected to the first council of Edmonton in February 1892 at the head of the poll, was re-elected in January 1893 and again headed the poll on Tuesday. This is sufficient evidence of the view taken of his abilities by the electors.

J. A. McDougall, was born in Woodville, county of Victoria, Ontario, and came to Winnipeg in 1873, where he opened a grocery business. Sold out in Winnipeg and went to Prince Albert as a trader in 1875. In 1876 he came to Victoria, where he traded one winter. He then went east and afterwards made a trading trip through the Territories in 1878, visiting Edmonton. In 1879 he opened a general store business here in connection with Villiers & Pearson of Winnipeg, which he continued until the spring of 1882. In the fall of 1882 he opened a general store business in connection with Chas. Stewart and H. M. Bannerman, under the name of J. A. McDougall & Co. This partnership was dissolved in 1885, and in the fall of 1886 Mr. McDougall opened out in business for himself in dry goods and groceries, which he still continues. Besides his store business Mr. McDougall is a large holder of town and farm property and therefore has a triple interest in the prosperity and progress of the town and district. Mr. McDougall has always been active in school matters and has held the position of trustee of Edmonton public school district for several terms; a position which he now fills. He was elected to the council of 1893 at the head of the poll and was second on the list on Tuesday. During the past year he held the important position of chairman of the finance committee.

Jas. Ross was born in Toronto and came to Winnipeg in 1879, and after remaining about three months in the employ of James H. Ashdown came on to Edmonton. In the fall of 1881 he prepared to start a tinsmith business in Edmonton, but his stock was lost on the lakes in the steamer City of Winnipeg and the new stock that he was compelled to order did not reach Edmonton until 1882. He then started the tinsmith and hardware business which has grown to be one of the largest and most prosperous in the Northwest. In 1883 Frederick Ross, brother of James, became a partner, forming the firm of Ross Bros. Mr. Ross has not hitherto taken any part in public affairs, having attended strictly to business. No doubt the close attention and sound judgment which has enabled him to make a success in business, will be found equally valuable in assisting in the direction of municipal affairs.

J. H. Picard was born in Watton, Eastern Townships of Quebec, where after reaching manhood he managed the farm of his uncle J. Picard, member for the counties of Richmond and Wolf in the Quebec legislature for 24 years. In 1884 he came to Qu'Appelle, Assiniboia, and in 1887 to Calgary, and to Edmonton in the same year. In the Territories Mr. Picard worked as carpenter and contractor until September of 1889, when, in partnership with S. Larue, he opened a general store under the firm name of Larue & Picard. The firm has been very successful in business and Mr. Picard holds consider-

able town property as well. This is the first occasion on which Mr. Picard has offered as a candidate for public honors and the vote he received is a very marked expression of public confidence.

C. W. Sutter was born in Toronto, and came to Winnipeg in 1875, where he entered the employ of Higgins & Young. He came to Edmonton in the fall of 1879. In 1882 he became a member of the firm of John Sinclair & Co., carrying on a dry goods and grocery business. When the firm was dissolved in 1885 Mr. Sutter returned to Winnipeg, where he carried on a merchant tailoring business for four years. He returned to Edmonton in 1891, and opened a merchant tailoring establishment under the firm name of C. W. Sutter & Co. Mr. Sutter is a prominent member of the Masonic order being Worthy Master of Edmonton lodge.

C. Gallagher was born in St. John New Brunswick and came to Winnipeg in 1878. In 1879 his father P. Gallagher joined him in Winnipeg and opened a butchering business on a large scale. Mr. Gallagher continued in the Winnipeg business until 1885, when contracts secured by the firm necessitated his removal to Battleford. In 1888 he became a member of the firm of Childs & Gallagher, Regina, in which business he continued until coming to Edmonton in 1891. Since coming here Mr. Gallagher has done a large meat business and has added pork curing and packing to the ordinary trade, with the best results both to his own business and to the country at large in providing a market for fresh pork. He was elected to the council last year and re-elected this year, a mark of approval which is not slight in its nature.

On New Year's night the annual dinner of "G" Division N. W. M. P. was given in the troop dining and recreation room. The night was fine and mild, and quite a number of civilians from Edmonton, Clover Bar, Beaver Lake and the Sturgeon river took advantage of it, and availed themselves of the bounteous hospitality of "G" Division. The decorations were regularly artistic and were the admiration of all the visitors; in fact the committee who had charge have excelled any previous decoration committee and therefore cannot receive too much praise, as "G" Division is noted for always having handsome decorations. The supper was spread on four large tables, (with a seating capacity of about 100) and roast turkey, beef, etc., etc., with vegetables, plum pudding, fruit, nuts and raisins, added the bill of fare to a nicety. After the usual toasts were drunk, speeches were made, songs given, and a jolly dinner brought to a close about midnight. The troop ball takes place on Thursday night next, and promises to be the event of the season in our town. 2nd January, 1894.

THE NEW FIRE HALL.

The new fire hall was taken over by the town from the contractor, James McDonald, on Wednesday, December 28th as having been completed according to specifications throughout. The building is from plans prepared by Edmonson & Flater, architects, and is situated on the west side of Fraser Avenue near its junction with Jasper Avenue. It is 50x50 feet and rests on a stone foundation five feet deep by two feet thick. The walls are solid brick 14 inches thick in the lower story and 13 inches in the upper. The lower ceiling is 13 feet clear and the upper 12 feet in front by nine feet nine inches in the rear. The engine room on the lower floor is 35x37 feet occupying the whole front of the building except the width of the stair, which is five feet two inches clear. In rear of the stair on the north side is the hose tower, 51 feet in height, including the pit five feet in depth. The rear of the lower floor is occupied by the caretaker's room in the northwest corner, partly in rear of the hose tower, and by the constable's room and prisoner's cells. The cells are four in number, two on each side of the constable's room into which they open. The upper flat above the engine room is occupied by the council chamber 34x35 feet and the town clerk's office 12x24 partly above the stairway, the entrance being to the left of the entrance to the council chamber. The women's sleeping and reading rooms are in rear of the council chamber and lower tower. The sleeping room will accommodate eight to ten men. There is a side hole from the reading room to the caretaker's room. The bell tower of frame with galvanized iron sheeting and is on the centre of the front of the building. The hose tower is at the outer of the north side and extends 20 feet above the roof of the fire hall. It is surrounded by a railing and is to be used as a watch tower. It is covered with corrugated iron. There are three spiral stairways in the front of the hall opening into the engine room besides the door to the council chamber. The window sills and date stone are of Calgary free stone. There is a galvanized iron cornice on the front. The roof is flat and tinued. The contract was let on the 27th of July last, at the price of \$6,575. As completed it will cost with extras perhaps \$376 more, a most satisfactory showing for the town and altogether creditable to the architects and contractor, especially when the manner in which municipal contracts are frequently filled in many towns is considered. There has been no baulk or hitch from beginning to end. And herein lies a lesson for the future, namely that the standing and reputation of a contractor should be considered in letting all important contracts, as well as the price; although in this case Mr. McDonald was the lowest tenderer. The brick was furnished by Little & Co., the lumber by Fraser & Co., the hardware and tinsmith work by, Ross Bros., the plastering was done by Jos. Henson and the painting by Renaud & Kiel. The building is substantial and well adapted for the purposes for which it is intended.
